

Remarks

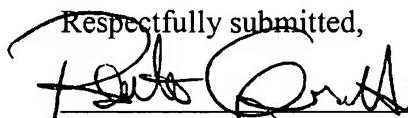

Claims 1-11 are standing in this application. Claims 12-69 are withdrawn without prejudice or disclaimer to the subject matter contained therein. Favorable reconsideration and allowance of the standing claims are respectfully requested

At page 2, paragraph 2 of the Office Action, the application was restricted under 35 U.S.C. § 121 to one of the following groupings of claims:

- I. Claims 1-11, drawn to a system for traversing in a 3D space, classified in class 715, subclass 850;
- II. Claims 12-59 and 68, drawn to selecting an object that is graphically represented in three dimensions, classified in class 715, subclass 852; and
- III. Claims 60-67 and 69, drawn to customizing distinct interface elements, classified in class 715, subclass 765.

In response to this restriction requirement, Applicant elects claims 1-11 recited in Group I without traverse for further prosecution on the merits.

The Examiner is invited to contact the undersigned representative by telephone to discuss any outstanding issues with this application.

Respectfully submitted,
